Section 1: Announcements

Citrix SCOM Management Pack for License Server (**License Server Management Pack**) is a native Microsoft System Center Operations Manager add-on that resolves the complexity of monitoring your Citrix Licensing deployment.

For technical information not documented elsewhere, see the *Citrix SCOM Management Pack for License Server User Guide*.

Section 2: Product requirements

Before installing License Server Management Pack, make sure that your environment meets the requirements listed in this section.

Software requirements

License Server Management Pack requires a supported version of the following products that it integrates with:

- Citrix Licensing
- Microsoft System Center Operations Manager

For a list of the supported product versions, see the *Citrix SCOM Management Pack for License Server Compatibility Matrix*.

Section 3: Upgrading from earlier versions

Note: Earlier product versions were released under the name Comtrade Management Pack for Citrix License Server.

Upgrade from the version 1.0 is supported.

To upgrade License Server Management Pack from the earlier version, do the following (referenced are sections in the ***Citrix SCOM Management Pack for License Server User Guide***):

1. Prepare your environment for installation of the new product version. For information, see “Preparing for the installation”.
2. Install the product. For instructions, see “Installing License Server Management Pack”.

Note: The installation process upgrades the management packs in SCOM with the ones included in the current product version.

3. Verify the installation. For instructions, see “Verifying the installation”.

Section 4: Known issues and workarounds

There are no known issues.

Section 5: Software availability in native languages

This product version is available only in English.

Section 6: Documentation

The following documentation is included with License Server Management Pack to help you install and use all product features and options:

- *Release Notes* (in PDF format)
- *Compatibility Matrix* (in PDF format)
- *User Guide* (in PDF format)
- *Reference Guide* (in HTML format with active content)
- *Open Source and Third-Party Software Components* (in PDF format)

To view the documentation, you must use a supported PDF document viewer and a supported Web browser. Below is a list of applications and versions that are supported. Citrix recommends that you use the newest version available for your operating system:

- Adobe Reader 10 or later
You can use other PDF document viewers as well, but they have not been tested.
- Windows Internet Explorer 9 or later
